One of Class 2's fantastic sculpture bugs

Class 2's second workshop with Brod (creative sculptor) followed on from the fantastic willow frames 'skeletons' to create their 'outer skin'. Please look on your child's Class Dojo to see a photo of their sculpture! **Class 1's** sculpture day was held in tandem and the children created 3D fireworks and set them off...safely...with tissue paper flames and wonderful dancing. Thank you for sending in **recycled materials** so that we could continue our exciting projects.

Armistice Day was remembered with a silent minute and poppies made from fabric and recycled paper plates. Thoughtful poetry and time for reflection made for a moving experience for all to engage with this important part of our history - past and present.

In support of '**Children in Need**', we held Spotty Friday today which certainly made our P.E. kits interesting! We have carried out 'on the spot' activities throughout the day which has certainly kept us on our toes! Please donate online to this worthy charity if you would like to.

Book collection- we so appreciate the Monday/Thursday reading book exchange, but are very aware that it is sometimes a rush in the

mornings and books get forgotten. If you have any outstanding books at home, could you please send them in as soon as possible, and take a little time to check through to check all are returned as we have some missing. Thank you for your help.

Tempest Photography has collected the requests for photographs and should be ready in time for Christmas.

Talking of Christmas....We are busy planning a creative Christmas with a raft of activities that will include STEM (Science, Technology, Engineering and Maths); music extravaganzas; making; designing and performing; to name, but a few! As we won't be able to have a Christmas production this year due to Covid 19, we will ensure that the Christmas run up feels as exciting and enriching as ever!

Thank you to parents, staff and our wider community for continuing to be respectful and understanding of social distancing and sanitisation to help keep everyone safe.

We are lucky to have some super new additions to our school in the form of 3 wonderful outdoor sinksand a plethora of new plants to attract butterflies and bees.

A reminder of our special place in the Northumberland National Park and International Dark Sky Park prompted Class 1 to create some lovely dark sky pictures. Families are bringing home a leaflet of stars to spot in our amazing dark sky background.

Dates-

Wednesday 16th Dec - Christmas Dinner
Friday 18th Dec – Break up for Christmas
Monday 4th Jan, 2021 – Teacher Training Day
Tuesday 5th Jan, 2021 – School reopens
